ENTIRE BLOCK BURNED. TROUBLE IS IMMINENT.

Costly Conflagration at Jamestown Exposition.

SOME HOTELS CONSUMED.

Blaze Has Its Inception In What Is Termed the Pine Beach Section and Damage Done May Amount to Three Hundred Thousand Dollars.

Norfolk, Va., June 26.—One whole block of the Pine Beach section, immediately adjoining the Jamestown exposition general grounds, was swept by fire early Wednesday. The area burned was between the exposition grounds on the west, extending to the Pine Beach hotel, and from the car tracks running from the exposition grounds west to the original Pine Beach pier and to the water on the north. The big Arcade hotel, Berkeley hotel, Outside Inn, Powhattan hotel, Caroline hotel, several smaller hotels and a large part outside the War Path was destroyed. The loss may run up to \$300,000; partly insured.

The Inside Inn and Kentucky state building on the western side of the exposition grounds as well as the negro building and auxiliaries there, were threatened for a time, but the fire reached nothing inside the grounds. Between forty and fifty structures were consumed and probably 1,000 people are homeless.

The ordinance was framed in compliance with the wishes of the Society for the Suppression of Unnecessary Noise. The mayor is expected to sign it readily and it will then become a law.

Both Salvador and Guatemala Moving Troops

AMERICAN CRUISER GOES.

Milwaukee Ordered to Proceed at Once From the Mare Island Navy Yard to Central American Waters to Look After Our Interests.

Washington, June 26.—Coupled with a cablegram from the American minister at Guatemala City, received at the state department reporting disquiet at Salvador and movements of troops to the frontier by both Salvador and Guatemala is the information received by Senor Mejia, the minister from Salvador, to the effect that news had reached his government that Nicaragua is planning an expedition against Salvador. The information comes in a dispatch to the minister from President Figueroa.

Less than two weeks ago an expedition which, it is reported, was armed and equipped by President Zelaya of Nicaragua, and which was carried aboard the Nicaraguan gunboat Montombo, landed at Acajutla and made an unsuccessful attempt to proceed inland.

Ever since he became involved in trouble with Mexico in connection with the assassination of former President Borillas, President Cabrera of Guatemala has been apprehensive that his neighbor, President Zelaya of Nicaragua, would seize the opportunity to overthrow him by attacking him from without and fomenting a revolution within, and this is believed to explain the co-operation with the president of Salvador.

The possibility of serious trouble in Central America, growing out of the disturbed conditions existing there incidental to the alleged ambition of President Zelaya of Nicaragua to form a union of Central American states has caused the administration to dispatch the new cruiser Milwaukee to that locality. Orders for her to proceed forthwith from the Mare Island navy yard went forward from the navy department Tuesday. The vessel is in command of Commander Charles A. Grove, and will go to La Union, Salvador. The collier Saturn also has been directed to proceed to La Union, and from this vessel the Milwaukee and the gunboat Yorktown, which is now in Acajutla, will coal.

He was identified by at least five people in Meridian who afterwards saw his picture printed in New Orleans papers. He came to Meridian on a Northeastern train from a point south of Hattiesburg, he said. He met Tony Caruzo, a banana dealer of Meridian, to whom he claimed he was broke. Tony fed him and accompanied him to the train. The stranger at first claimed he was going to Chicago, but Caruzo says he examined his ticket and found it read to Cincinnati.

Members of the Gun Club and business men of fifty subscribed to the fund to provide for the occasion, and about three hundred the affair was managed by J. E. Casey and Seth Mooring, whose experience and success in such events is too well known to need comment.

Entirely the whole day was spent in sport, and a magnificent barbecue dinner with all the accessories was prepared and enjoyed to the fullest extent. About a dozen ladies went out at noon and enjoyed the barbecue dinner in advance of the shooters.

The big event of the day was a match of thirteen picked men from the Bryan, Brazos Bottom and Tabor Clubs, with 25 blue rocks each. Tabor won the match by the following score: Tabor 228; Bryan 215; Brazos Bottom 208. There were numerous individual events during the day, the best scores being 23 out of 25.

STATUS OF STRIKE.

Probable That It Will Continue Several Weeks.

San Francisco, June 26.—President Small of the Commercial Telegraphers' union appeared directly to Clarence Mackay, head of the Postal Telegraph company. Mr. Small wrote a letter directed to offset the one written by Mr. Mackay to the officials of the Postal company, in which Mackay commended the operators who refused to go out and condemned the men who struck. President Mackay and the officials of his company enjoyed the esteem of the telegraphers, who said they hoped Small's exposition of the case from the standpoint of employees will be productive of peace.

A possible step toward a settlement was made by the striking operators appointing a conference committee of seven members, including President Small, with a view of opening negotiations with the Western Union and Postal Telegraph companies. Altogether the powers of the committee were not announced, following the appointment, it is thought the committee will be clothed with authority to arrange a basis for settlement.

The operators declare the companies seriously crippled and must ultimately yield to their demands for 25 per cent increase in wages. It is conceded generally the strike is likely to continue for several weeks and the possibility of extending the strike is also admitted. Officials of both companies declared they are handling expeditiously all business that comes to them. Both claimed a gain in staff of operators.

VESTMAKERS ON STRIKE.

Four Thousand In Three Hundred East Side Shops Are Out.

New York, June 26.—Announcement was made that 4,000 vestmakers in 300 East Side shops had gone on strike for an advance in wages of from 12 to 16 per cent. One-half of the striking vestmakers are women, who look on the annual summer strike as a holiday.

of Ireland Birrell, introducing Mark Twain, which was classic and full of humor, concluding with a tribute which brought the company to its feet with prolonged cheering, and Mr. Clemens' reply, which was largely humorous.

A reception committee escorted the visitors in carriages from the union station to the Planters' hotel, where luncheon was served. W. H. Thomson, cashier of the Boatmen's bank and chairman of the committee of management of the clearing house, delivered an address of welcome.

At 3 o'clock in the afternoon a committee, representing all the St. Louis banks, escorted the guests to the St. Louis Country club and the Glen Echo club. At the former club a game of polo was played and refreshments served. At the latter club the party had dinner.

Indigestion For Sale

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.
It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.
For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.
The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

FRIGHTFUL PLUNGE.

Automobile Goes Off Bridge and Collegian Killed.

New Haven, June 26.—A frightful accident, causing the death of one undergraduate and injuring more or less seriously two other students and a guest, cast a gloom over the commencement exercises at Yale university Wednesday, the victim being D. Leet Oliver, son of Mrs. J. B. Oliver of Pittsburg, Pa., and a senior in the Sheffield scientific school, a member of St. Anthony's fraternity and one of the prominently social upper class men. The injured are: W. Strother, Johns of Red Bank, N. J.; J. G. Colstone of Baltimore, a senior in the same department, and L. H. Hudson, a commencement guest.

Mr. Oliver died from a broken back, being crushed under an automobile after it jumped off a bridge at Center ville, about four miles from the college. The others are suffering from manifold bruises and Colstone had his nose broken.

The party was coming into the city just about daybreak and the machine apparently skidded off the end of the bridge, which spans a small stream. As the machine took its flight into the air it turned over and landed just at the edge of the water, its crushing weight coming on Oliver, who was driving, and he was almost instantly killed. The others in the party sought help from nearby houses, and Messrs. Jones, Hudson and Colstone were carried into New Haven for hospital treatment.

Prominent Pittsburger.

Pittsburg, June 26.—D. Leet Oliver, who was killed in an automobile accident at New Haven, was a son of the late James B. Oliver, who died one and a half years ago, and one of the prominent steel manufacturers of Pittsburg. He was also a nephew of George T. Oliver, proprietor of the Pittsburg Gazette-Times and Chronicle-Telegraph. He leaves a mother and two sisters—Mrs. William J. Christenden of Shields, Pa., and Marquis Alfred Dusmet des Mours of Naples, Italy. The young man was twenty-one years of age.

Nothing Given Out.

Houston, June 26.—General freight agents of Texas railway lines were in session here Wednesday at the Ritz hotel. The meeting was executive and nothing was given out.

San Francisco, June 26.—Overcome with grief and humiliation over the action of the Bar association that he be impeached for gross intemperance if he did not immediately resign as superior judge, K. C. Hebbard tried to take his life in his chambers at Israel temple. He was saved from death after he had pressed the barrel of a revolver against his temple, by a reporter, who took away the weapon.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it is fully cured all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

CULPRIT ESCAPES.

Prominent White Man, Fatally Shot, Was First Suspected.

Thomasville, Ga., June 26.—Neill Lilly, aged twenty-five, a prominent man of Metcalf, died as the result of wounds received at a negro cabin near that town. Lilly was accused of complicity in a series of attempts on the life of Mrs. Alice Futch and her two sons, and his death was first thought to be another chapter in this mystery, but a coroner's investigation disproves this, and seems to fix the guilt upon Sam Jackson, a negro, who made his escape.

Evidence shows that Lilly and the negro exchanged shots through the closed doors of the negro's home.

PULLS GIRL FROM PONY.

Time Appearance of White Man Prevents Diabolical Crime.

South McAlester, June 26.—A negro weighing about 200 pounds stopped with a six-shooter the thirteen-year-old daughter of Fritz Sittel, a capitalist and ranchman, twelve miles west of here. The girl had been to the post-office on a pony, and was returning home. The negro pulled her from the animal and was dragging her to the brush when a white man came in sight, and the miscreant fled. The girl was handled roughly and severely injured. A posse started in pursuit.

JORDAN'S EPISTLE.

Interesting Document Relative to the Fleecy Staple.

Atlanta, June 26.—President Harvie Jordan of the Southern Cotton association, who has returned from a tour of Europe in the interests of the cotton growers of the south, gave out the text of a letter to the president of the New York Cotton Exchange, which was published in New York Tuesday. In this letter he says:

"I was informed by prominent cotton factors and brokers of Liverpool that a shipment of 9,000 bales American cotton in one lot would soon leave Liverpool for New York to be tendered on July contracts, sold through the New York Cotton Exchange; further, that the bulk of this shipment of 9,000 bales sent back to America was cotton which had been tendered on the Liverpool exchange and refused by the arbitration committee on account of its being too low a grade to meet the minimum requirement of the Liverpool contract. I was shown the samples of a portion of the grades of this special lot of 9,000 bales, and was informed that such cotton was regarded as the refuse of the Louisville market. As I understand it, the rules of the Liverpool and New York Cotton Exchanges, as to the tender of grades on contract are practically the same, and that nothing below 'good ordinary white' is tenderable in either market. If the rejections of the Liverpool Cotton Exchange are a legal tender under the rules and regulations of your exchange, then the New York Cotton Exchange must be the lowest in the world, or else not fairly and honestly administered.

"There appeared to be no secret or attempt at concealment in Liverpool as to this special shipment of low grade cotton, and they seemed to take it as a matter of fact that New York was the best place to get rid of such refuse cotton at a profit.

"It cannot be denied, and this matter I wish to urge upon you, that the notorious accumulations of the world's refuse cotton in New York, where it is recognized and received as legal tender against contracts, means the existence and perpetuity of a depressing influence upon the price of spot cotton in the south, which no true American citizen should stand for.

"The criticisms of the New York Cotton Exchange, its methods and transaction of the cotton interests abroad not only injure the usefulness of your exchange for the safe conduct of business, but they also injure the entire spot cotton interest of America."

In concluding, Mr. Jordan appeals to the president of the New York Cotton Exchange to check the delivery of cotton refuse scraped up in foreign markets and enforce the rules of the New York exchange for the safeguarding of American interests.

UMPIRE NEARLY MOBBED.

Infuriated at Winscott's Decision, Audience Makes Demonstration.

Fort Worth, June 26.—Just at the close of the ball game between Fort Worth and San Antonio Tuesday afternoon, in which Fort Worth was defeated by a score of 4 to 5, the crowd of spectators rushed on to the field and made an effort to get at Umpire Winscott, who made a decision that gave the game to San Antonio. He was surrounded in a moment, and several threats made, when Policeman Mann rushed into the crowd and ordered them to disperse. Several blows were struck and some one struck the officer a severe blow. Mr. Mann was the only policeman at the park at that time, and had much difficulty in preventing serious trouble.

To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles.

General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value in aid to Magic Ointment in the treatment of obstinate cases of piles. None without Dr. Shoop's name on the box.
